*By Dexter Schreiner*

Unveiling \$Hormny, a bold, playful, and caring character who promises a thrilling adventure for her investors. Love her or love her more, any way you slice it, she would make sure not to leave anyone indifferent.

**Dexter** - Who exactly is Hormny?

**Hormny** - Oh, darling, where do I even begin? Imagine that tingling sensation that wakes you up some mornings, that little silly smile that creeps onto your face at the thought of someone special. Well, sweetie pie, that's all because of me. I'm the master of your feelings, your thoughts, and the sweet, juicy details of their consequences in your body. Eyebrows, eyebrows.

**Dexter** - That's quite the introduction! Tell us more about your role and responsibilities.

**Hormny** - Shhhhhh, shhhh! Don't you dare think I have no job to do. I'm piled up with your hormones, darling! I juggle them all, orchestrating their perfect performance, teaching, leading, and guiding your journey from those awkward, hairy puberty days to your most wrinkled, wise years. Given my vast expertise, some geeky folks approached me to represent their meme coin project. After hearing their all-in-all idea, I was all in! Now we're rocking the crypto market, aiming to rocket past other meme coins.

**Dexter** - Fascinating! What sets you apart from your competitors?

**Hormny** - Oh, sweetie, it's my flair and sass! I bring a unique blend of boldness and playfulness that no other meme coin can match. I don't just offer an investment opportunity; I offer a wild, fun ride filled with laughter and excitement. With me, you're not just entering the crypto world; you're embarking on a fabulous adventure!

**Dexter** - Can you...?

**Hormny** - Also! I'm all about my pretty little gyozas! I actually even have a recent anecdote to illustrate it. My people mean everything to me. I've been asked to participate in Raids and VC, to which I said, "No, Jose!" Far from being sorry, I felt reassured. We are an open, loving, caring, sexy... and overall, more than just a community, we're a family and we are going banana cream pudding together!

**Dexter** - That's quite the vivid image! Previously what I was about to say is "What can investors expect when joining the \$Hormny family?"

**Hormny** - Investing in \$Hormny is like slipping into that cozy sweater that makes you feel like a glowing strawberry lipstick. It's about embracing that cheeky, playful side of yourself that you

know is in there. Fun, laughter, communal support, and of course, wild, riveting potential await you. By becoming a declared Hormny, you can play your part in this exciting adventure.

And because you can recognize the best from the good, I want you to unleash our investment potential like it's mating season, grrrrrr!
